## “Play is the highest form of research”

... Albert Einstein

At St. Loys Pre-School, we are dedicated to providing a caring and nurturing environment which supports our children to discover their full potential. Our aim is to provide a rich, play-based early learning experience for the children in our care. One that nurtures creativity, individuality and exploration.

### Welcome

Our Pre-School offers outstanding care from an Early Years Team dedicated to providing a safe and happy start to your child's education. We are proud to have been rated as GOOD in our last OFSTED inspections and continue to provide strong foundations for all our children. Our philosophy embraces a child-centred approach to learning through play, with children seen as active participants in their learning and with their environment. At St. Loys Pre-School, we believe in fostering a lifelong love of learning in our children, and our intent is to present opportunities for this through first-hand experiences viewed as the best way for our little ones to make sense of the world around them. This also mirrors our whole school ethos and supports our children as they make the transition to Foundation Stage in Hedgehogs Class.
